

# This summer, owning a TYCROP is a real steel.

## Buy now - beat the heat and the steel price increase.

Steel prices are going up. And that unfortunately means any goods made with steel are going to have to incur price increases: TYCROP material handlers and topdressers included. To combat this increase and to ensure our customers can benefit from the best products at the best price - the team at TYCROP has developed a "Beat the Heat" purchase offer for our entire fleet of turf equipment products.

Order your TYCROP before July 14th, take delivery now and make no payment until October.\* Make no further payment until each subsequent October for a total of 4 payments over 4 years.

You get to spend the summer with your TYCROP before ever opening your wallet. Plus, you'll save up to an additional 7% on the steel price increases!

**If you ever considered owning a TYCROP  
this is the summer to do it!**

\* Purchase based on a 4-year, \$1 buyout option. SAMPLE: Approx. payments on typical MH-400 Package: (\$27K USD MSRP) 4 payments of \$7600 per year. Other purchase and lease options available. Visit us on-line, contact your local TYCROP representative or call us factory-direct at **1-800-845-7249** for details.
